EXPERIENCE

MYCOURSEVILLE CO., LTD.

June 2024 - August 2024

Front-end Developer Intern

- Developed a web interface based on Figma designs using PHP, CSS, JavaScript, jQuery, and AJAX, integrating complex data management features with MySQL and phpMyAdmin.
- Collaborated with a team of developers, managing version control through GitHub and practicing teamwork and project coordination.
- Assist other projects by building components using Next.js, Typescript, and Tailwind CSS.

ADVANCE INFO SERVICE PUBLIC COMPANY LIMITED. (AIS)

June 2025 - July 2025

Software Development Intern (backend)

- Developed and maintained RESTful backend microservices using Java and Spring Boot, ensuring high performance and scalability.
- Deployed and managed services on OpenShift, gaining hands-on experience with CI/CD pipelines.
- Collaborated closely with QA testers and system analysts (SA) to clarify requirements, reproduce issues, and validate bug fixes.

PROJECTS

Portfolio : mingpv.com

-
- **clean-go-template (backend template)** - Clean and scalable starter template for Go backend applications, following Clean Architecture principles. Open-sourced on GitHub and gained positive feedback through stars.
 - **RiderChat (web chat)** - Led a **4-member team** to develop a real-time chat app using Next.js, Supabase, and MongoDB, featuring add friend, group chat, live messaging, user authentication, and secure data handling.
 - **GameShelf (boardgame rental website)** - Led a **7-member team**, managed the project, UX/UI design, and code quality. Built with Next.js and Supabase; contributed to core development and reviews.
 - **3D Portfolio Website** - The project showcases a creative way to present your personal profile, projects, and skills using smooth animations and real-time 3D graphics.

HOBBIES:

-
- Enjoy listening to Japanese and Korean music
 - Regularly exercise to stay active and healthy
 - Passionate about learning new things and exploring areas of interest
